Frostpeak Mountain's summit

The compass leads to a shrine older than Kestra's family — and the campaign's answer.

The compass points at the very top of Frostpeak, where a cairn of stones flutters with ribbons tied in Grandmother's knot. Someone has kept them there for years. Today, the heroes find out who, and why.

Tips for running this one

- This is the finale: Kestra's story and the compass pay off here, so give Kestra real spotlight time.
- Snowmane is the gentlest giant on the mountain. Even her fight is a snowball fight, and she laughs the whole way through.
- Short on time? The Quick Quest is the first scene and the climax, and it still has the twist: Snowmane tells Grandmother's story in the climax read-aloud.

Map

The path climbs from the summit approach over the windy ridge to the cairn at the very top. The story stones stand behind the cairn, and the ribbon ledge, at the edge, is the Epic Session bonus.

The Ribbon From the Cairn

A new red ribbon, tied to the compass strap in Grandmother's knot. Scratched on a flat stone beside it, in big, careful yeti letters: "THE MOUNTAIN REMEMBERS KINDNESS. S."
